Latest from Europe.

ATLANTA, July 18.—The Appeal's special, at

Okaloosa, on the 17th, says the Federals at

Corinth are preparing six day's rations. A

raid Southward is anticipated. On Sunday

last, the gunboats were repulsed at Yazoo City.

Subsequently the position was abandoned and

the garrison joined Johnston.

CHARLESTON, 18th.—Bombardment continues

uninterrupted.

RICHMOND, 18th.—Special to the Whig from

Bunker Hill says the cavalry fighting yesterday

at Shepardstown lasted several hours re-

sulting in the defeat of the enemy who retired

to Harper's Ferry, leaving their dead and

wounded on the field. We took a number of

prisoners. Gen. Pettigrew was dead this morn-

ing.

RICHMOND, 18th.—The correspondent of the

London Times from Paris says on authority

that private letters from Madrid state that pro-

posals for recognition of the Southern States

with the sanction of the French Emperor.

The Chancellor of the Exchequer moved to

vote a hundred and five thousand pounds for

the purchase of the Exhibition building at

Kenington. After a stormy discussion the vote

was rejected. Majority against it one hundred

and sixty. The result was received with loud

cheering.

The debate was progressing in parliament

on Roebuck's motion to adjourn on the 18th.

A block of ware houses in Liverpool, and a

large quantity of cotton etc., was destroyed by

fire. Loss, one or two hundred thousand

pounds sterling.

A telegram to the Baltimore American from

New York, of the 15th says: The rioters gut-

ted about a dozen houses last night. This

morning a small row occurred on Cedar street,

and the police dispersed the ruffians.

A serious riot at Staten Island last night.

Six negroes were killed, and a perfect reign

of terror prevailed.

Considerable disturbance at Brooklyn to-day.

The negroes were horribly maltreated. Quite

a number of troops are arriving. The impres-

sion prevails at this hour, noon, Wednesday,

that the worst is over. The mob is forcing the

dried troops from the seat of war.

Large numbers of families have removed

from the city. The exodus is unabated.

In New York on Tuesday, the office of the

Daily Mercury, an abolition sheet, was gutted

by the mob.

Nothing from General Lee, or James River.

RICHMOND, July 19.—Nothing important

transpiring to-day. The chief topic is the ar-

rest of Mrs. Allen, wife of Patterson Allen, on

charges of communicating information to the

enemy. The accused is a native of Ohio, being

united by marriage in Europe with one of the

most wealthy and respectable families of

Richmond. Letters written by her, forwarded

by blockade runners, constitute the evidence

of her guilt.

An officer from the Valley this evening

states that Meade's army is still in Maryland.

He reports the enemy landing troops from

their transports on James River, 16 miles be-

low Richmond. Not confirmed.

CHARLESTON, July 19.—The bombardment of

Battery Wagner yesterday was terrific. Five

monitors and three ironclads and seven wood-

en gunboats and two yankoo land batteries

maintaining a concentrated fire for eleven

hours.
